warhammer 40 000 space marine - alpha legion champion armour set

Because you know... for the Emperor!. This is a cool DLC, looks badass.

I will do some pros and cons for the DLC

#### PROS

- Excellent modelling
- Unique type of paint on the armor and unique parts of the armor such as the left pauldron's hydra heads, hydra heads on the backpack vents, hydra's skin on the lower right leg of the armor and a cool hydra's head on the helmet
- You can become one of Alpharius' sons which are masters of subterfuge and sabotage, so you can destroy your enemies from within rather than from the outright conflict

#### CONS

- No cons

I recommend it. 10V10 would fight everyone again!. This is a cool DLC, looks badass.

I recommend it. 10V10 would fight everyone again!. This power armour is very great-looking! The left shoulder pad is insane! 10 hydra's heads out off 10!. It's Heresy, sure. But damn does it look bad\u2665\u2665\u2665\u2665\u2665. Made me special... Till I realised everyone has it. Don't let the spelling errors in the description put you off. You don't need words for this\u2665\u2665\u2665\u2665\u2665. This is a cool DLC, looks badass.
